

# Mitel MiVoice 8568 Telephone

The ultimate technology for professional productivity

## Key Features

- Six-line x 16-character alphanumeric display with eight (8), menu-driven, context-sensitive softkeys
- 16 programmable multi-function keys
- 10 hard function keys
- Customizable Do-Not-Disturb (DND) messages

Compatible with the Mitel® MiVoice Office (formerly Mitel 5000 Communications Platform), the Mitel MiVoice 8568 Telephone is perfect for users who require efficient call processing capabilities.

This powerful digital telephone features a six-line by 16-character display with eight menu-driven softkeys, which intuitively guide users through system features and capabilities. The ideal small or medium business phone, the MiVoice 8568 Telephone has a large message waiting lamp in the upper right hand corner that is visible from all angles, 16 programmable keys with LED indication and 10 function keys that allow one-touch operation for the most commonly used telephony functions or settings. Equipped with both speakerphone capability and a dedicated headset jack, the MiVoice 8568 Telephone is designed to enhance productivity.

## Unified Communications Support

When used with Mitel Unified Communicator® (UC) Express or Mitel MiCollab Client (formerly Mitel Unified Communicator® (UC) Advanced) applications, the MiVoice 8568 Telephone becomes a powerful communications tool that helps customers streamline communications between people and organizations. This leads to improved productivity, enhanced customer service, reduced costs, and ultimately improved business process integration.

## Scalable Functionality

The MiVoice 8568 Telephone integrates with the Mitel Programmable Key Module (PKM) 12 and Mitel Programmable Key Module (PKM) 48 for easy addition of quick access function keys.
